## PADILLA'S MEN PLAY BROWNS TOMORROW

Traction Park Will See Opening of Season by Big Teams;  
Raton Letter Pleases Gray Chief.

Another game will be played tomorrow afternoon on the Barcas grounds between the Albuquerque Grays and the Old Town Browns, beginning at 2 o'clock. Manager Dan Padilla stated today that the Grays are rapidly rounding into shape, and that Albuquerque will have no cause to be ashamed of the showing which will be made by the team on the diamond this year.

Three pitchers will be used by the Grays tomorrow, in order that all the slab artists may have an opportunity to get a complete workout. O'Banion will be on the mound for the first three innings. Young Weeks following the last three innings. Chavez will do the receiving, and Salazar will play the short field. Beyond this Manager Padilla could not give the lineup of the team definitely, as he is trying out all of the available material.

A letter received by the Herald from Floyd Hanner, secretary of the Raton Baseball Association, stating that a movement is on foot for the formation of an association of baseball clubs in the nature of a league, which, if successful, will assure all of the towns represented in the association of definite baseball dates, eliminating the uncertainty of securing games which has heretofore been a great drawback to a successful baseball season.

The league is to be composed of towns in New Mexico and Southern Colorado, and a meeting is to be held in Raton on March 27 to perfect an organization. Pueblo, Trinidad, La Junta, Raton, Dawson and Las Vegas will have representatives at this meeting, and an invitation has been extended to Albuquerque to come into the association. Owing to the shortness of the notice given, it will be impossible for the local team to have representation at the Raton meeting, but Manager Padilla expressed himself as being heartily in favor of the movement, and there is every prospect that Albuquerque will be in the new league and has a splendid baseball schedule well arranged for the enjoyment of local fans.

Manager Harry Saisha of the Japanese team, which is touring the United States, has written Manager Padilla, stating that it would be impossible to close a contract for a game in Albuquerque until he had received assurances of enough games in nearby towns to make up a profitable schedule. It was not put in exactly that language, for fluent English is not Manager Saisha's long suit, but that was what it meant. There should be no trouble in arranging games between the Japs and teams in Santa Fe, Las Vegas and Raton, for all of these towns have live, active baseball associations, and Albuquerque will probably have a chance to show the Oriental sons of swat in action after all.
